## How many styles of Hopping Headz are there?

There are 6 styles of Hopping Headz in each series!

## How many series of Hopping Headz are there?

There are two series of Hopping Headz!

## How do you think I can maximize my Hopping Headz jump?

The trick to getting your Hopping Heads to really rocket is to master the quick finger release. The faster you can release the less you will impact the flight trajectory of your Hopping Head. Practice this and then challenge your friend to a 'jump off' to see who can jump their Hopping Head the highest.
